**Posting # 1748**

**Title: GIS Editor/Planning Technician**

**Section:** GIS Operations

**Division:** Planning Services

**Department:** Growth and Infrastructure

**Initial Reporting Location:** Tom Davies Square

**Job Status:** Permanent Position

**Number of Vacancies:** 1

**Affiliation:** Inside Unit

**Hours of Work:** 70 hours bi-weekly

**Shift Work Required:** No

**Range of Pay:** Group 12 - \$31.21 to \$39.37 per hour

**The start date will follow the selection process.**

This position is eligible to [work remotely](#) on a part-time basis.

---

**Characteristic Duties:** Under the general supervision of the Coordinator of GIS Operations.

1. Act as a resource to Planning Services Division staff in research, surveys, reports, policy development and specialized studies on land use planning and environmental issues.
2. Prepare Geographic Information System (GIS) data, survey data, maps and plans for CGS, government agencies, consultants and the public.
3. Work in cooperation with members of the Planning Services Division to ensure that the departmental goals, strategic plan, objectives, quality standards, policies and procedures are adhered to.
4. Assist with the management, collection, analysis, organization, and dissemination of GIS Operations information for the CGS geospatial data portfolio.
5. Required to train internal staff on how to use specialized GIS online web applications such as online maps and dashboards.
6. Prepare custom reports, graphics, charts, maps, plans, documents, and survey data for internal and external use.
7. Perform quality assurance and quality control on the CGS GIS Asset Models (e.g. storm, water and wastewater).
8. Assist in writing procedures regarding Section software applications and provide information regarding procedures as required.
9. Provide support to the Emergency Operations Centre (EOC) on a 24/7 basis as required, in the event of a declared emergency or disaster.
10. Develop and maintain a thorough working knowledge of CGS's Safety Manual and the applicable Provincial Legislation listed therein.
11. Perform other related duties as required.

**Qualifications:**

- University Degree in Planning, Geomatics, Geography or Environmental Studies or a related discipline from a recognized university with Canadian accreditation.
- Demonstrated proficiency in GIS software (e.g. ESRI Software Suite, Autodesk Suite, ArcGIS online, Excel, Access, CAD).
- Six (6) months up to and including twelve (12) months of directly related experience.
- Ability to demonstrate knowledge of planning theory and design, and effective skills in research methodology.
- Experience with data visualization software (e.g. Business Intelligence such as PowerBI, ESRI Insights, Tableau).
- Ability to work with computer software and administrative systems in a Windows environment (e.g. file maintenance, word processing, spreadsheet applications, information input and retrieval, etc.).
- Able to work independently to complete tasks, respond to department requests and to collaborate with others.
- Excellent use of English; verbally and in writing.
- French verbal skills highly desirable; written skills an asset.
- Satisfactory health, attendance and former employment history.

- Must be physically capable of operating a vehicle safely, possess a valid driver's licence, have an acceptable driving record, and personal insurance coverage.

This job is also being posted as a development opportunity. Should there be no fully qualified candidate for this position, a candidate who can be expected to meet the required qualifications within a reasonable period of time may be considered for this position as a development opportunity.

Development opportunity range of pay: \$29.96 to \$37.23 per hour. The successful candidate will be paid at the reduced range until the minimum qualifications have been met.

### **How to Apply:**
